

Trojanski Custom Builders is a premier builder in Saratoga Springs, New York. Dave Trojanski has been building exceptional homes throughout the Capital Region since 1998.

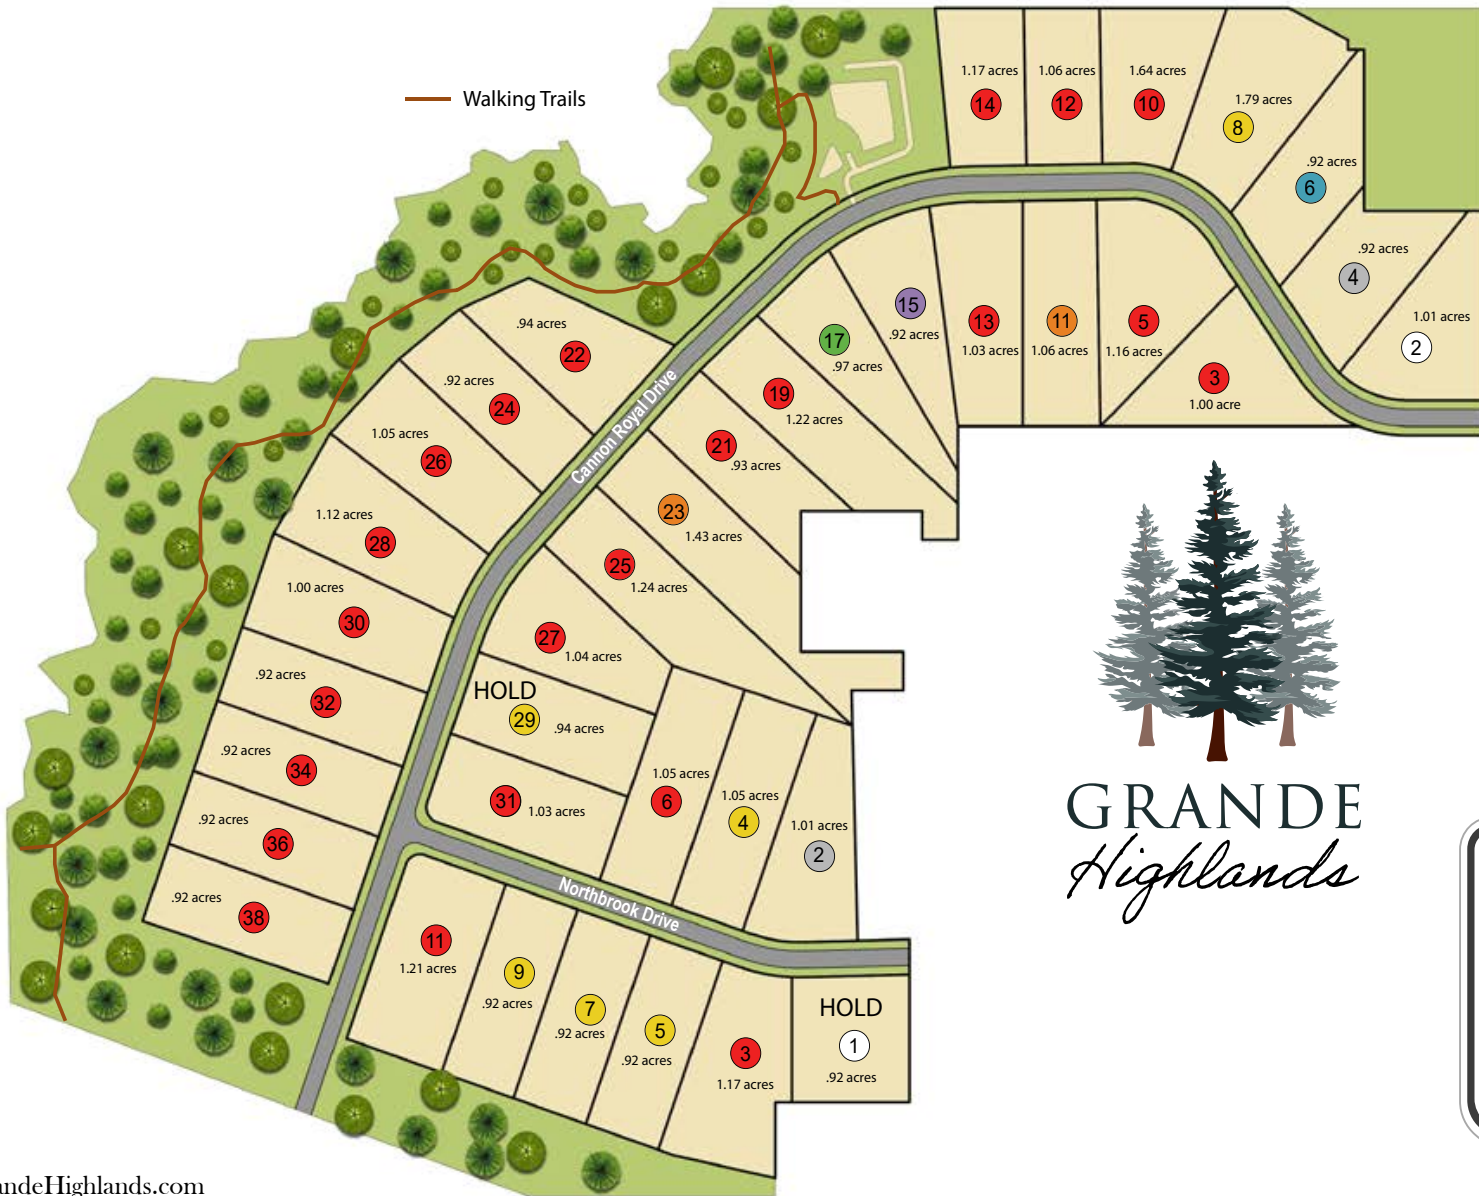

Dave and the entire Trojanski Custom Builder's team share a commitment to the foundational principles that have made them stand out among other builders. Quality construction, commitment to exceptional customer service, and relationships built on integrity are the building blocks that have shaped their vision and driven their success.

From start to finish, the Trojanski Custom Builder's Team of highly qualified professionals provide homebuyers with the best value for their investment. The company's custom building program was developed and designed to guide customers through the challenging process, utilizing a step by step approach. The program provides an organized and efficient system to assure clients of successfully achieving their new home dreams.
